

CANTINA VALLE ISARCO CLASSIC PINOT BIANCO/ WEISSBURGUNDER 2017

Wine Introduction

The special microclimate of this region, with hot summer days and fresh nights at vintage time, makes sure that the grapes reach maturity with a high sugar content. The light and gravelly soils, containing deal of minerals, provide these wines with strong character and incomparable typicality and elegance. This is why the vine-growers of the Valle Isarco have specialised in the cultivation of white grapes. Given its peculiar climatic and exposure requirements, Pinot Bianco grows only in the warmer areas of the lower Valle Isarco where the sunny hillside soils, rich in porphyry, generate a white wine with a typical Burgundy-style bouquet and strong character.

Tasting Notes

A yellow wine with slight suggestions of green, it has a delicately floral and fruity bouquet. It is a dry and freshly acidic, with a full, velvety body, and is very elegant overall.

Winemaker Vintage Notes

2017: After the very good 2016 vintage, with its juicy, lively, and multilayered white wines and the promising, structured red wines, Alto Adige's wine industry is also more than satisfied with the 2017 vintage. The losses in terms of quantity of up to 20 percent and more may have left a bad taste in some mouths, but the quality of the wines is consistently good to very good. With the white wines, the vintage presents itself with somewhat leaner but very elegant, fresh and fruity, juicy wines with aromas that are typical to their varieties.

Winemaker Vinification Notes

Delicate processing and crushing are followed by temperature-controlled fermentation and ageing on fine lees in stainless steel tanks with a lack of malolactic fermentation.
