# VINI LA DELIZIA PROSECCO DOC EXTRA DRY NV

---

## Wine Introduction

The production area includes a wide surface on the plain of the Friuli Region. In this land, well-known for its profound winemaking expertise, the nature of the soil and the particularly mild climate have contributed to create the best conditions for the vine growth. The Glera grapes are internationally well-known and they have found their natural environment in our production area. The Prosecco is an aromatic, fresh and lively wine, with a distinctive taste and a fine and persistent perlage.

## Tasting Notes

This Prosecco is a bright straw yellow, with an intense, complex nose with fruity and fragrant hints, which mingle to give a fine aroma. It is well-rounded and pleasant on the palate with good freshness and a fine and persistent perlage. Fantastic as an aperitif, or paired with fish or lighter courses.

## Winemaker Vinification Notes

The base wine is obtained from grapes carefully selected directly at the vineyards. Such selection takes place in the respect of the utmost care and precision required by our wine experts. The base wine is combined with selected yeasts and sugar, and undergoes a second fermentation at a controlled temperature in pressured tank. After the filtration process, the wine is bottled using modern technologies.
